The Bank Tax.

Circuit Auditor Koenig recently asked the editor of the COURIER how he justified the assertion made that building the rock road would double the tax? The Auditor says the tax will be only 27 cents on the \$100 the first year, and will decrease from that as the 20 years roll around, while the other taxes are about \$1.78 on the \$100. Admitted. Now take 20 years taxation at from 27 cents the first year to 5 cents the last, and the average taxation will be about 14 cents on each \$100 for 20 years or \$2.80 total. Add to this sum at least as much more for repairs, which the law compels, and we have \$5.60 on each \$100, and will be getting off cheap at that, and we will have paid something over three times our present tax—and if it does not cost the people over five times as much they will be lucky.

Mr. Andrew, a student at Jasper college, sustained painful bruises Saturday. A rope ran through a pulley attached to the ceiling in the college, and two other students and he amused themselves by pulling him up to the ceiling, and when the boy was nearly to the ceiling the rope broke, and he fell to the floor. Fortunately he was not seriously injured.

Mr. George W. Haberly, the popular confectioner on the public square, and Helen M. Plante, of 2911 N. 12th street, St. Louis, were married in that city Monday afternoon at four o'clock, Rev. Father McCabe, of the Catholic church, officiating. Mr. Haberly has many friends all over Dubois county who heartily congratulate him, and wish his bride and him long lives of happiness and success. They will arrive in Jasper next week, and make this their home.

Base Ball.

The Jasper Reds were defeated the first time this season last Sunday, by the Bancrofts, of Evansville, at the new South Side Park. This was the opening game at the new park, and the association greatly appreciated the large attendance. The Bancrofts are one of the strongest teams in Southern Indiana, but notwithstanding this fact, our boys should have won had it not been for several errors, which were made at just the wrong time. The Bancrofts will be back again soon. The following is the score:

The months of April and May in the "Land of the Sky" and the "Sapphire country," including Asheville and Hot Springs, N. C., are very enjoyable. The climate at this season is delightful, the scenery most beautiful, and the opportunity for the enjoyment of sport, including golf, cannot be surpassed.
